## OBJECTIVE

---

Soon-to-be Computer Science graduate with a solid foundation in software development and self-initiated learning. Seeking a **hands-on training opportunity** to further refine my **coding skills** and contribute innovative solutions in a collaborative environment. Developed advanced **English communication skills** through UK-based studies.

## SKILLS

---

Languages	JavaScript, Python, Java, SQL
Frameworks	React, Node.js & Express, Tailwind CSS
Tools & Technologies	MongoDB, MySQL, Firebase, Docker, Git, VS Code

## EDUCATION

---

### Bachelor of Science in Computer Science

Prince Sattam bin Abdulaziz University

Expected May 2026

**Relevant Coursework:** Computer Programming I & II (Java), Data Structures & Algorithms, Web Development, Database Management, Operating Systems

## PROJECTS

---

### Academic Quiz Application (Team Project)

- **Led** a team of 4 to develop a web-based quiz platform using **HTML**, **CSS**, **JavaScript**, **PHP**, and **MySQL**, enhancing exam preparation efficiency.
- **Achieved** a perfect score (**100%**) on the project, demonstrating effective collaboration and application of web development principles.

### Fitness Tracker Application

- **Developed** a full-stack fitness tracking application using the **MERN stack** (**MongoDB**, **Express.js**, **React**, **Node.js**) to log workouts, sets, reps, and weights.
- **Implemented** dynamic visualizations and performance summaries, enabling users to monitor progress over time.

### Google Calendar Integration Tool

- **Built** a calendar application integrating the **Google Calendar API** to display events, view details, and navigate between dates.
- **Provided** users with efficient access to event information such as date, location, and description.

### Discord OpenAI Chatbot

- **Created** a Discord chatbot using **Node.js** and the **OpenAI API** to generate dynamic responses and enhance user interactions.
- **Implemented** real-time chat capabilities and an efficient error-handling system to ensure reliability during high usage.

## CERTIFICATIONS

---

### Scrimba Frontend Developer Career Path Certificate

Completed a **70+ hour** interactive program covering **HTML**, **CSS**, **JavaScript**, **React**, and **responsive design**. Built real-world projects and received a certificate endorsed by **MDN**.
